

POLYCLONAL ANTIBODY ORDER/QUOTE SHEET
DELIVERY ADDRESS:
REFERENCE (Name, telephone number and email address):
INVOICE ADDRESS:
address

Same as delivery

REFERENCE (Reference number if available):

Services

This form is intended for ordering our standard schedules of polyclonal antibody production. When we have received your form, we will contact you to make sure that we have understood your requests correctly.

This is an order

I would like a quote

Antibody production – Standard schedule

Goat pAb	Amount of goats: _____
Rabbit pAb	Amount of rabbits: _____
Hen pAb	Amount of hens: _____

ELISA

ELISA 1st bleed
ELISA every bleed

Purification of antibodies

IgG/IgY purification
Make antigen-coupled column
Affinity purification using column

Protein/Antigen (you may code the name):

 You will send the antigen to us.

 Special handling instructions (storage, buffer, etc) _____

 To our knowledge, the antigen is not toxic and does not contain agents that may be toxic and can negatively affect the animal or its immune system.

Peptide design

NCBI Protein Accession number: _____

Peptide synthesis:	10 mg
	25 mg
	Other amount: _____ mg

Peptide sequence:

Purity of peptide:	Immunograde
	90%
	95%

Peptide Conjugation:	2mg
	Other amount: _____ mg
Carrier:	KLH
	Other _____

Other Services

Western Blot
Antibody conjugation: Conjugate _____
Amount: _____ mg

We need antibody expert consultation
